Welcome to Kids Connection!

We are excited to welcome your family to Kids Connection. We strongly believe in providing children with the opportunity to participate in a well-balanced and safe afternoon of recreational, social, cultural and educational activities.

Who is eligible?

Kids Connection is available to children currently enrolled in Kindergarten through Sixth grades. We are an inclusive program and offer a variety of age-appropriate activities designed to increase self-awareness, enhance social interaction, and help develop physical skills in an encouraging environment. Children will be grouped according to current grade in school.

Where are we located?

Kids Connection is held on site at the Y (with 3 days of off-site options) and has been in operation since 1956. We are pleased to continue to provide fun and interesting activities, while caring for your child. The Y offers outstanding facilities for children, including air conditioned classrooms and a full court gymnasium, a rooftop playground and experienced specialists who create dynamic activities.

When is Kids Connection?

Kids Connection operates five days a week until 5:30. Children are picked up at school dismissal time and after ASP, they are dropped off at home. Door to door transportation is available 176th Street through 218th Street every day except Friday when pick up after program is at the Y promptly at 5:30. For an additional fee we have the option of Continued Care from 5:30 until 6:00 Monday through Thursday. Continued Care families will be able to pick up their children at the Y until 6:00. In continued care, children play games or can do their homework under counselor supervision.

Why should you send your child to Kids Connection?

Your child's safety, development and enjoyment are our utmost concerns. Supervisory staff provide a safe and fun environment for

your child. First rate specialists teach children various skills and enhance their development in specific areas. Counselors are trained especially to work with the Kids Connection, and a high staff to child ratio enables children to form close and lasting relationships with their counselors. No other program in the area offers the quality and variety of Kids Connection.

What will my child do when there is school vacation, day off or a half day of School?

If school is closed on a day the Y is open, for an additional fee, we will have a trip program; School's out/The Y is in! We will take the children on trips around the tri-state area or have exciting programming here at the Y. The monthly newsletter announces trip locations, as does our website; information will also be sent via e-mail. The trip programs runs from 9-3 with transportation available and pre and post program care. Half day recreational programming are also provided by the Y.

What do we do at the Y?

When children arrive at the Y, they go to their homeroom based on their grade, and participate in supervised free play or homework help until 3:30 PM. At 3:30 all children are given a light snack before they go to their activities. Kindergarten through second graders will stay with children in their own grade and move to the activities together. Third through fifth grade will have the opportunity to choose between the activities offered and homework help. The counselors continue to supervise the children during transitions between activities and support the specialists within activity time. Some activities that will be held this year are; Sculpting and collage making, Flag Football and baseball, Ballet and Hip-Hop, Guitar, and much more!

How do I register my child?

Choose the days you would like for your child to attend. Follow the instructions on our registration form and contact the registrar with questions.
